## LAB WORK ACKNOWLEDGEMENT

I understand, as a courtesy, the onsite lab for Advanced Women's Wellness is **LabCorp**. Insurance may require you to go to another preferred lab. Advanced Women's Wellness will not know this. It is your responsibility to inform the office.

Advanced Women's Wellness does not bill for any lab testing. LabCorp will ask for **upfront payment** based on your insurance estimate. These payments are processed by/for LabCorp directly.

I understand in the course of my care my provider might order/recommend that I have lab testing performed to evaluate my medical condition or symptoms. I also understand that some of these labs are **NOT ROUTINE** and **ARE** for a medical reason.

Advanced Women's Wellness is considered a specialist by insurance companies. If I want routine labs performed, I understand I will need to have these types of labs performed by my Internist/Family Practice/Primary Care Physician, as part of my annual general physical exam, in order for them to possibly be considered routine by my insurance company.

I also understand that Advanced Women's Wellness will not alter diagnosis coding which designates the reason(s) my lab tests were performed at the request of myself or my insurance company. Any billing questions must be directed to the lab that processed my lab specimen, not to Advanced Women's Wellness.
